

SIMPLY RELIABLE

esybox mini³ MINIMUM SIZE, MAXIMUM EFFICIENCY

ESYBOX MINI³ INTEGRATED WATER PRESSURE BOOSTER PUMP

The ESYBOX Mini³ is a water boosting pump designed for residential and small commercial use. The ESYBOX Mini³ creates constant pressure through VFD (Variable Frequency Drive) technology, optimizing its integrated inverter to reduce noise and water consumption.

APPLICATIONS

PRESSURIZATION

GARDENING AND IRRIGATION

RAINWATER

ESYBOX Mini³ is the DAB compact automatic booster system for water supply of a single dwelling. ESYBOX Mini³ assures the comfort of constant pressure (Pressure Set Point) adjustable from 15 up to 79.8 psi inside the system, and superior energy savings thanks to integrated inverter technology. Use with drinking water, in domestic systems, and in gardening applications; ESYBOX Mini³ does not require any additional components for its installation.

**ENERGY SAVINGS
UP TO 50%
COMPARED TO
TRADITIONAL SOLUTIONS***

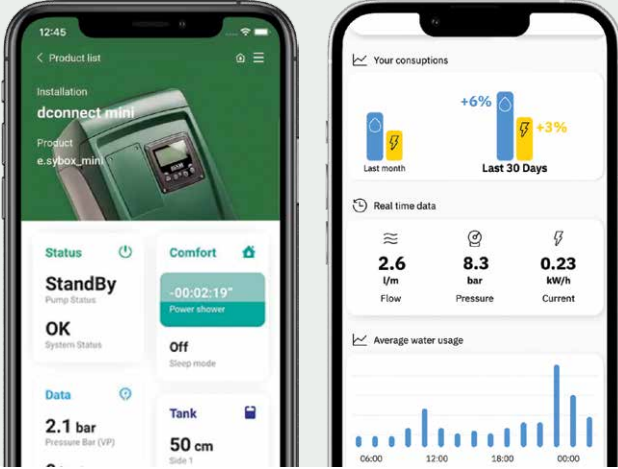

**Space saving & ease of installation
Install vertically or horizontally**

The ESYBOX Mini³ is versatile – it can be installed anywhere, even under the kitchen sink.

280 W
39 psi
2.4 gpm

BUILT-IN CONNECTIVITY

WIRELESS COMMUNICATION: max four ESYBOX units or two ESYBOX Mini³'s communicate without any cable.

EASY MONITORING AND MAINTENANCE:

with DConnect (DAB's cloud service), you can predict problems remotely and act quickly, without having to go to the installation site.

D-CONNECT installer benefits – remote access, proactive monitoring, peace of mind for your customer.

DAB Live customer benefits - knowledge that the pump is performing how it needs to, and added comfort features (Power Shower, lower water usage times)

THE VALUE OF SIMPLICITY
Combining all the components of a traditional water boosting system into a single unit, the ESYBOX Mini³ is small and fully integrated, thus saving space and money.
